These designations confirm the commitment to excellence by our providers and the entire GAHHS team. I am incredibly proud of their commitment to quality, compassionate care. Their dedication proves that our vision continues to be THE model of excellence in community-based healthcare and we remain driven to provide the best possible care, to everyone we serve."

Rob Schmitt, CEO

Healthgrades evaluates hospitals solely on what matters most—patient outcomes—to determine the top-performing hospitals for specialty care in each of the 32 states assessed. Healthgrades' 2024 analysis revealed that patients who seek care at a hospital with rankings in their condition or procedure have a better chance of a good outcome than if they were treated at a facility that is not among the top 3 in Illinois. This widening performance gap highlights the importance of selecting a top-rated program. In fact, from 2020 to 2022, patients treated at hospitals that received a state ranking for Orthopedic

Surgery had, on average, a 44.4% lower risk of experiencing a complication while in the hospital than if they were treated at hospitals that were not state ranked for Orthopedic Surgery.*

“Healthgrades is proud to recognize Gibson Area Hospital and Health Services as among the top 3 in Illinois for Orthopedic Surgery,” said Brad Bowman, MD, Chief Medical Officer and Head of Data Science at Healthgrades. “Hospitals with a #2 ranking in their state deliver consistently superior outcomes for the patients in their community. Consumers should feel confident knowing that they have access to top-ranked care for Orthopedic Surgery at Gibson Area Hospital and Health Services.”
