

A Healthcare Careers Camp

What is Camp Gibson?

Camp Gibson is a FREE 1 week experience for incoming 8th grade students to explore the various professions in rural health care. Located at Gibson Area Hospital & Health Services (GAHHS) in Gibson City, students get to experience the challenges, opportunities and rewards of being a rural health professional.

With the guidance of GAHHS healthcare professionals, each student will:

- Participate in hands-on activities and interact with healthcare professionals
- Receive information on a variety of healthcare career opportunities. Students will hear about what an average day is like for these professionals, including the best and worst parts of the job. The students will learn what education is necessary for these careers, and suggested classes for high school. They will even discuss how much money these professionals earn in their positions.
- Participate in health and wellness activities
- Become CPR certified
- Meet other students from our community who are also interested in healthcare

Each student will be provided with educational materials to help plan their future career.

Complete the attached form to apply for Camp Gibson!

Application Form

Camp Dates: June 12th - 16th, 2017 **1 pm - 5 pm**

Name _____

Address _____
